## YOKE put the hammer down!

Here at YOKE, we continue to develop the products requested by our customers. We are pleased to announce the addition of a complete range of YOKE 8-762 forged wire rope clips which takes our customers offering to another level.

YOKE forged wire rope clips are used in wide range of industries to enable riggers to manufacture both wire rope hard eye and soft eye terminations on site. YOKE forged wire rope clips are now available alongside a wide variety of chain and wire rope terminations.

Sizes 3mm to 75mm (1/8" to 3")

Forged base with embossed YOKE brand, size and material traceability code

Meets the requirements of EN13411, ASME B30.26 and FF-C-450 Type 1 Class 1

Hot dipped galvanized to resist corrosion

Complete with application and warning instructions

We are delighted to add yet another family of products to our range, and ensure the demand for our forthcoming 2017 catalogue will exceed all expectations.
